5. Withdrawal

Students may withdraw from a subject at any time in the semester of enrolment prior to the last withdrawal date without academic penalty or financial penalty.

Students who do not follow the approved procedure to withdraw from a subject by the prescribed date will be graded accordingly.

6. Academic Support

Each Bond University Faculty or UAU will nominate an Academic Advisor for this program to support enrolled SFAS students throughout the semester.

A progress review will be undertaken between the SFAS student and the Academic Advisor prior to the last day of withdrawal without penalty.

7. Academic Credit

A University academic transcript will be presented to each participating student. Should the student subsequently enrol as a regular student with the University, credit for the subject taken will be determined in accordance with the Credit Policy.

SFAS students in Queensland will need to include their Learner Unique Identifier (LUI), provided by the Queensland Studies Authority, to Bond University on their application form in order to have their SFAS subject listed on their achievement record.
