| Beyond Bond: Professional Development & Community Engagement* |   |

| Required Subjects (26) |   |
|------------------------|---|
| BMED11-101             | Introduction to Chemistry                         |
| BMED11-109             | Principles of Human Structure and Function        |
| BMED11-110             | Human Organ Systems 1                             |
| BMED11-112             | Human Control Systems                             |
| BMED11-114             | Chemistry for Living Systems                      |
| BMED11-203             | Cell Biology                                      |
| BMED11-206             | Microbiology                                      |
| BMED11-207             | Medical and Molecular Genetics                    |
| BMED12-114             | Human Organ Systems 2                             |
| BMED12-123             | Global Health Issues                              |
| BUSN12-200             | Responsible and Sustainable Organisations         |
| COLB11-100             | Global Citizenship                                |
| COLB12-100             | Immersion 1: Work-Based Experience                |
| COLB12-110             | Trust, Privacy, Law and Ethics in the Digital Age |
| COLB12-120             | Design: Process, Methods and Mindsets             |
| COLB12-200             | Global Challenges 1 (20CP)                        |
| COLB13-110             | Immersion 2: Work Placement                       |
| COLB13-200             | Global Challenges 2 (20CP)                        |
| COMN12-302             | Digital Media and Society                         |
| HPER11-103             | Health Systems                                    |
| HPER12-101             | Health Research Methods                           |
| HPER12-103             | Health Communication                              |
| HPER13-100             | Evidence in Healthcare: Practice and Policy       |
| HPER13-101             | Drivers for Healthcare Change                     |
| LAWS10-210             | Enterprise Law                                    |
| NUTR11-101             | Food, Nutrition and Health                        |

The information published in this document is correct at the time of printing. However, all programs are subject to review by the Academic Senate of the University and the University reserves the right to change its program offerings and subjects without notice.

**Electives (5)**

Students select 5 (50CP) University electives. Electives must be approved by an academic advisor from the Transformation CoLab.

\* Students will complete Beyond Bond during their degree. This subject is worth 0 Credit Points.

# Bachelor of Health Transformation/Bachelor of Health Sciences

Program Sequencing

Commencing in the **SEPTEMBER** semester

---

## YEAR 1

| <b>September (semester 1)</b> |                                     |
|-------------------------------|-------------------------------------|
| BMED11-101                    | Introduction to Chemistry           |
| HPER12-103                    | Health Communication                |
| COLB11-100                    | Global Citizenship                  |
| CORE11-011                    | Critical Thinking and Communication |

| <b>January (semester 2)</b> |   |
|-----------------------------|---|
| BMED11-109                  | Principles of Human Structure and Function    |
| BMED11-203                  | Cell Biology                                  |
| CORE11-012                  | Responsibility, Integrity and Civic Discourse |
| HPER12-101                  | Health Research Methods                       |

| <b>May (semester 3)</b> |                       |
|-------------------------|-----------------------|
| BMED11-110              | Human Organ Systems 1 |
| BMED11-112              | Human Control Systems |
| HPER11-103              | Health Systems        |
| LAWS10-210              | Enterprise Law        |

## YEAR 2

| <b>September (semester 4)</b> |   |
|-------------------------------|---|
| BMED11-206                    | Microbiology                                      |
| COLB12-100                    | Immersion 1: Work-Based Experience                |
| COLB12-110                    | Trust, Privacy, Law and Ethics in the Digital Age |
| CORE11-013                    | Collaboration for Global Change                   |

| <b>January (semester 5)</b> |                                   |
|-----------------------------|-----------------------------------|
| BMED11-207                  | Medical and Molecular Genetics    |
| COLB12-200                  | Global Challenges 1               |
|                             | University Undergraduate Elective |

| <b>May (semester 6)</b> |                                   |
|-------------------------|-----------------------------------|
| COLB13-110              | Immersion 2: Work Placement       |
| COLB13-200              | Global Challenges 2               |
|                         | University Undergraduate Elective |

The information published in this document is correct at the time of printing. However, all programs are subject to review by the Academic Senate of the University and the University reserves the right to change its program offerings and subjects without notice.

### YEAR 3

| <b>September (semester 7)</b> |   |
|-------------------------------|---|
| BMED12-123                    | Global Health Issues                        |
| COLB12-120                    | Design: Process, Methods and Mindsets       |
| HPER13-100                    | Evidence in Healthcare: Practice and Policy |
| HPER13-101                    | Drivers for Healthcare Change               |
|                               |   |

| <b>January (semester 8)</b> |                                   |
|-----------------------------|-----------------------------------|
| BMED12-114                  | Human Organ Systems 2             |
| COMN12-302                  | Digital Media and Society         |
| NUTR11-101                  | Food, Nutrition and Health        |
|                             | University Undergraduate Elective |

| <b>May (semester 9)</b> |   |
|-------------------------|---|
| BUSN12-200              | Responsible and Sustainable Organisations |
| BMED11-114              | Chemistry for Living Systems              |
|                         | University Undergraduate Elective         |
|                         | University Undergraduate Elective         |
