<b>PROGRAM INFORMATION</b>					
The Master of Accounting (Professional) program is a specialist program for students interested in pursuing a professional accounting qualification. It incorporates the traditional Master of Accounting program designed to provide an opportunity for students with undergraduate training in other fields to gain a professional accounting qualification. The professional program follows the same structure as the Master of Accounting program with an additional 20-week Professional component. The MAcc (Prof) offers a firm academic grounding in the accounting discipline and offers a hands-on appreciation of the industry. The program is a powerful amalgam of foundational accounting skills, decision-making, leadership and financial literacy with the ability to advise business on financial issues					
<b>SUBJECT INFORMATION</b>					
*Please note that the Professional Portfolio or Professional Development subject is a 20-week, 45-credit point subject and is taken in the last semester of the program once all other coursework subjects have been completed. The Career Development Centre will provide assistance in choosing the relevant professional subject prior to your last semester.					
<b>ASSUMED KNOWLEDGE</b>					
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.					
<b>OPPORTUNITIES</b>					
Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).
