<b>PROGRAM INFORMATION</b>						
The Master of Business Administration (Professional) is an extension of the MBA program with an additional 20-week Professional component. The Professional component is designed to introduce international students to work practices and work culture in Australia. The program is designed to provide graduates with the core underlying technical skills that inform effective decision making, framed around the development of the interpersonal, cross cultural and communication skills that are required to lead in the implementation of these decisions.						
<b>SUBJECT INFORMATION</b>						
Students will attend team sessions in the first semester. This is a 13 week program containing eight 5 cp Subjects						
<b>ASSUMED KNOWLEDGE</b>						
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.						
<b>OPPORTUNITIES</b>						
Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).
