GENERAL INFORMATION					
PROGRAM INFORMATION					
The Graduate Certificate in Occupation and Health allows students interested in health, injury and disability to study key foundational topics such as occupational therapy, functional independence, health conditions and environmental factors that enable human performance. These studies prepare graduates to work in areas such as rehabilitation, compensation, aged care and disability services including allied health assistant, aged care assistant, claims officer or disability support worker.					
SUBJECT INFORMATION					
CC-63058		Graduate Certificate in Occupation and Health			
Version	1				
Total Subjects	4	Total Credit Points	40	Cricos Code	106641H
Structure					
<p>Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.</p>					
Available	Code	Title	Assumed Knowledge	Requisite
